BACHELOR OF COMMERCE

Under

FACULTY OF COMMERCE & MANAGEMENT

Effective from Academic Year 2024 – 2025
(As per NEP-2020)

From Dean's Desk:

To meet the challenge of ensuring excellence in Commerce and Management education, the issue of quality needs to be addressed, debated and taken forward in a systematic manner. Accreditation is the principal means of quality assurance in higher education. The major emphasis of accreditation process is to measure the outcomes of the program that is being accredited. In line with this Faculty of Commerce and Management of SRTM University of Nanded has taken a lead in incorporating philosophy of outcome-based education in the process of curriculum development. Faculty of Commerce and Management, SRTM University, Nanded in one of its meetings unanimously resolved that, each Board of Studies shall prepare some Program Objectives (PO's) and give freedom to affiliated Institutes to add few (PO's) and course objectives and course outcomes to be clearly defined for each course, so that all faculty members in affiliated institutes understand the depth and approach of course to be taught, which will enhance learner's learning process. It was also resolved that, maximum senior faculty from colleges and experts from industry to be involved while revising the curriculum. I am happy to state that, each Board of studies has adhered to their solutions passed by Faculty of Commerce and Management, and developed curriculum accordingly. In addition to outcome-based education, semester-based credit and grading system is also introduced to ensure quality of Commerce and Management education.

Semester based Credit and grading system enables a much-required shift in focus from teacher-centric to learner-centric education since the workload estimated is based on the investment of time in learning and not in teaching. It also focuses on continuous evaluation which will enhance the quality of education. SRTM University, Nanded has taken a lead in implementing the system through its affiliated Colleges and Faculty of Commerce and Management has devised a transparent credit assignment policy an adopted ten points scale to grade learner's performance. Credit assignment for courses is based on 15 weeks teaching learning process, however content of courses is to be taught in 12-13 weeks and remaining 3-2 weeks to be utilized for revision, guest lectures, coverage of content beyond syllabus etc.

Prof. D.M. Khandare,
Dean,
Faculty of Commerce and Management,
Swami Ramanand Teerth Marathwada University, Nanded

Prof. H.S. Patange,
Associate Dean,
Faculty of Commerce and Management,
Swami Ramanand Teerth Marathwada University, Nanded

Chairman's Desk

Education is the movement which brings the students, people, and the whole society from darkness to light. Education is a natural melodious and enlightened development of man's instinctive supremacies. Education is the dynamic process which activates the inbuilt traits and develops the child according to the needy situation and time. Commerce and Management education is the platform for any common man to conduct the various business activities smoothly and progressively. Commerce and Management education is basically that form of instruction which directly and indirectly prepares the businessman for his work. Commerce and Management education is a living discipline and is totally different from other disciplines. Hence it must charter new routes to service the aspirations of the nation.

A Commerce and Management UG program must therefore have a mission statement which is in conformity with program objectives and program outcomes that are expected of the educational process. The outcomes of a program must be measurable and must be assessed regularly through proper feedback for improvement of the Program. There must be a quality assurance process in place within the Institute to make use of the feedback for improvement of the Program. The curriculum must be constantly refined and updated to ensure that the defined objectives and outcomes are achieved. Students must be encouraged to comment on the objectives and outcomes and the role play individual courses in achieving them. In line with this Faculty of Commerce and Management in Swami Ramanand Teerth Marathwada University - Nanded.

We the chairmen of Board of Studies in 01) Accounts and Applied Statistics 02) Business Economics 03) Business Studies 04) Commercial and Mercantile Law 05) Management Science and Business Administration (Including NGO) Swami Ramanand Teerth Marathwada University - Nanded, happy to state here that, Program Objectives were finalized in a meeting where more than 60 members from different Institutes were attended, who were either Heads or their representatives of all five Board of Studies .The Program Objectives and Program Outcomes finalized listed below

Dr. R.S. Pawar - Chairman, BOS in Accounts and Applied Statistics

Dr. C.K.Harnawale- Chairman, BOS in Business Economics

Dr. P.T. Pawar- Chairman, BOS in Business Studies

Dr. D.S. Yadav- Chairman, BOS in Commercial and Mercantile Law

Dr.M.S. Rode - Chairman, BOS in Management Science &Business Administration (Incl. NGO)

Programme Objectives:

1. To provide conceptual understanding to the students in different areas of communication, decision making, innovations and problem solving in day-to-day business activities. Demonstrate knowledge and understanding in diverse subjects and apply these to their workplace.
2. To develop rational thinking among the students to Examine the contextual knowledge from different perspectives and compare it with real business scenarios.
3. To develop communication skill among the students to use appropriate media to speak, read, write, and listen effectively with all stakeholders.
4. To develop employability skills among the students to exhibit employability skills like inter-personal skills, teamwork, problem-solving skills, Accounting and ICT & computing skills to be employable citizens of the country. Students will be equipped to join the industry or setup own entities, pursue further professional courses like C.A., C.S., C.M.A and other courses.
5. To develop managerial skills among the students to face upcoming challenges in the industry and business as the specializations offered expose them to practical aspects such as business analysis, decision making, innovations and problem solving in day-to-day business activities.
6. To develop professional ethics and responsible citizenship among the students to understand the impact of the professional ethics and responsibilities and norms of the business practices and apply ethical principles in business and life. Learn to participate in nation building by adhering the professional ethics.
7. To make aware about environment and sustainability to analyse the business issues and actions that have an impact on environment and sustainability. Identify the contemporary social problems, exploring the opportunities for social entrepreneurship, designing business solutions and demonstrate ethical standards in organizational decision making.
8. To provide self-directed and lifelong learning to the students to do their higher education and can make research in the field of Commerce and Management. Acquire the ability to engage in independent and lifelong learning in the changing business scenario.
9. To develop accounting and assessment skill among the students to get the sound knowledge of the important provisions of the Income Tax and Goods and Service Tax Laws with their applications in solving problems on computation of Income Tax and GST Liability.
10. To provide legal compliances to the students relating to business and accounting through important provisions of Auditing, Business Laws, Corporate Laws, Labour and Industrial laws and their applications in practice.

Programme Outcomes:

1. Conceptual Understanding - The students will acquire the knowledge, skill in different areas of communication, decision making, innovations and problem solving in day-to-day business activities. Demonstrate knowledge and understanding in diverse subjects and apply these to their workplace.
2. Rational Thinking - Examine the contextual knowledge from different perspectives and compare it with real business scenarios.
3. Effective Communication - Use appropriate media to speak, read, write and listen effectively with all stakeholders.
4. Employability Skills - Exhibit employability skills like inter-personal skills, teamwork, problem-solving skills, Accounting and ICT & computing skills to be employable citizens of the country. Students will be equipped to join the industry or setup own entities, pursue further professional courses like C.A., C.S., C.M.A and other courses.
5. Managerial Skills - Prepared to face upcoming challenges in the industry and business as the specializations offered expose them to practical aspects such as business analysis, decision making, innovations and problem solving in day-to-day business activities.
6. Professional Ethics and Responsible Citizenship - Understand the impact of the professional ethics and responsibilities and norms of the business practices and apply ethical principles in business and life. Learn to participate in nation building by adhering the professional ethics.
7. Environment and Sustainability -Analyse the business issues and actions that have an impact on environment and sustainability. Identify the contemporary social problems, exploring the opportunities for social entrepreneurship, designing business solutions and demonstrate ethical standards in organizational decision making.
8. Self-directed and Lifelong Learning - Students will be able to do their higher education and can make research in the field of Commerce and Management. Acquire the ability to engage in independent and lifelong learning in the changing business scenario.
9. Accounting and Assessment Skill - The Students will get the sound knowledge of the important provisions of the Income Tax and Goods and Service Tax Laws with their applications in solving problems on computation of Income Tax and GST Liability.
10. Legal Compliances Related to Business and Accounting – Provides the candidates with sound Knowledge of the important provisions of Auditing, Corporate, Labour and Industrial laws and their applications in practice.

Course Contents

Module No.	Unit No.	Topic	Teaching Hours
1.0		Introduction to Business Economics	12
	1.1	Meaning, Definitions and Characteristics of Micro Economics and Macro Economics	
	1.2	Meaning, Definitions and Characteristics of Business Economics;	
	1.3	Significance/Importance of Business Economics;	
	1.4	Nature and Scope of Business Economics;	

2.0		Theory of Consumer's Behaviour-I	13
	2.1	Demand: Law of Demand;	
	2.2	Elasticity of Demand; Types of Elasticity of Demand: Price, Income and Cross; Methods of Measurement of Price Elasticity of Demand.	
	2.3	Determinants of Price Elasticity of Demand;	
	2.4	Practical Application/Importance of Elasticity of Demand.	
3.0		Theory of Consumer's Behaviour-II	13
	3.1	Utility Analysis; Features of Utility; Types of Utility; Relationship between Total Utility and Marginal Utility.	
	3.2	The Law of Diminishing Marginal Utility and Its Significance;	
	3.3	Significance of the Law of Diminishing Marginal Utility	
	3.4	Indifference Curve Analysis; and Properties of Indifference Curve;	
4.0		Theory of Production	12
	4.1	Production Function; Law of Variable Proportions	
	4.2	Laws of Returns to Scale	
	4.3	Economies and Diseconomies of Scale	
	4.4	Iso Quant Curve Analysis; Properties of Iso Quant Curve	
5.0		Theory of Costs	10
	5.1	Different Cost Concepts	
	5.2	Determinants of Costs.	
	5.3	Short Run Cost Curves: TFC, TVC, TC, AFC, AVC, AC and MC	
	5.4	Long Run Cost Curves: LAC and LMC

B.Com. I Year: Semester I (Level 4.5)

Subject: Commerce

Under Faculty of Commerce and Management

Effective from Academic Year 2024 – 2025 (As per NEP-2020)

Course Title: Business Statistics

Discipline Specific Minor 2 (DSM)

Course Code: CCOMMT1102

Course Prerequisites:	Basic knowledge of statistics, Classroom, Blackboard, E-materials, Books etc.
Course Objectives:	<ol style="list-style-type: none"> To make the students be acquainted with the basic principles of statistics as are applicable in business. To enable students to understand the types of data and its uses in business operations. To make students understand the measures of central tendencies in statistics and its application in solving business problems. To make students understand the measures of dispersion and its application in business operations.
Course Outcomes:	<ol style="list-style-type: none"> Students will be acquainted with the basic principles and utility of statistics in business operations. Students will be able to upgrade their skills of presentation and interpretation of data with the help of tables, charts and diagrams etc. Students will be able to utilize the basic concepts of central tendencies in different business operations. Students will be able to apply different measures of dispersion in business operations.
